In-Class Exercise 1:Hello HTML

- Online example at:http://jsfiddle.net/bpenp4dq/

- Create a web page telling us about you. Your page should contain:

  - Your name

  - A picture (use link for src)

  - Github username

  - Some text, such as a story of your last trip

  - 3 favorite links (e.g. Facebook, LinkedIn)

  - A comment box (i.e. *<textarea>*)

- Follow proper syntax

  - Write page in a html file

  - Validate that you can view your page (file://[location]) in your browser

  - Make sure your page is correct

- Upload your hello.html file to Canvas (IC1)
